- Feed 1 tablet per 5 lb. of food.
- Recommendation: feed out within 12 hours of pilling food.

Storage Conditions

For best results, tightly affix lid on container after removal of required dosage. Store in original container in a cool (75°F or colder), dry (approximately 50% RH) location. Use within 1 year of lot code.

Note: Ingredients cause pill to have a speckled appearance. Coating on tablets may become speckled with exposure to air - this is not indicative of any vitamin degradation.
